DATE	# of	ACTIVITIES	
	Hours		
August 19, 2024	8hrs	We're still working on the Browse Books page. This section of the code is the most difficult, as it directly affects the accuracy of the book listings and the search bar's performance within the system.	
August 20, 2024	8hrs	We're continuing to develop the Browse Books page, which is the most complex section because it directly determines the accuracy of book listings and how well the search bar operates within the system.	
August 21, 2024	8hrs	Since we've finished the Browse Books page, which took 5 days due to its difficulty, we're now moving on to the next part of the system, the Admin Interface Page.	
August 22, 2024	8hrs	We fixed the admin computer because it wasn't starting, and then we encoded the master list for the school year 2024-2025.
